

**NEW!**

# Better nozzles with *faster changeover!*

Now you can combine Cool-Grind's superior coolant nozzles with Twist-Loc, their new quick-change system offering:

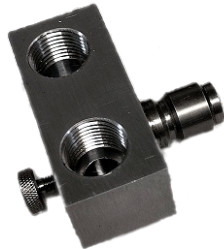

- Easy insertion, removal, & port plugging in seconds, even with hard to access rear ports
- No wrenching!
- Nozzles stay in position under high coolant pressure
- Assemble nozzles off-line, ready for the next job
- Remove nozzles quickly for wheel changes
- Easy interchange of nozzles among similar machines
- Works with Grind-Loc nozzles (100 psi), Piranha nozzles (200 psi) and Rigid nozzles (400 psi), all of which deliver a coherent jet, increasing pressure, increasing feed rates, decreasing wheel wear, and improving part surface finish
